## FOUR KIDS ARE FORCED TO SURVIVE ALONE IN A WORLD OF MONSTERS. THAT'S PRETTY MUCH THE PLOT OF A VIDEO GAME, RIGHT?!

It's the Breakfast Club meets Zombieland in this hilarious, action-packed, coming-of-age story about 12-year-old Jack Sullivan and his best friends Quint, June, and Dirk surviving and thriving in a monster-and-zombie apocalypse.

Jack is a gung-ho, optimistic, goofy, sarcastic comic book nerd who's brave when he needs to be. But not inhumanly brave— just brave for a kid. He's also an orphan: bounced all over the country, different homes, different families, before landing in the town of Wakefield. He was only there for a few months before it happened — the big IT. The Monster and Zombie Apocalypse.

His whole life, he wanted a family – and now he's got one: a family of best buddies!
