THE OLDEST RULE IN MAGIC IS THAT THERE IS ALWAYS A CATCH!

When Sadie acquires an ancient magician's hat, she finds that it comes with a tenant: enter Gilbert, magical bunny and assistant to the most famous wizards throughout history!

But Sadie is a teenage girl and Gilbert is an old grouch, so it's not exactly love at first sight. Still, it soon becomes clear to Gilbert that this magician-in-training is the real deal- if only Sadie would concentrate on learning the rules of magic instead of using it as a shortcut for all sorts of pointless teenage shenanigans! Gilbert always has to go along with her crazy schemes... and occasionally has to admit that he enjoys it!

Hey, if you'd been stuck in a hat for 700 years, you'd want to let loose a little too!
